

IMPORTANT SAFEGUARDS

EMC (89/336/EEC) and LVD (73/23/EEC) Directives

CE Marking

Our products are manufactured to comply with requirements of following directives and national regulations implementing the directives:

Electromagnetic compatibility EMC 89/336/EEC with further amendments.

Low voltage LVD 73/23/EEC with further amendment. The Directive applies to electrical equipment designed for use with a voltage rating of between 50VAC and 1000VAC as well as 75VDC and 1500VDC.

WEEE Directive 2002/96/EC

Information on Disposal for Users of Waste Electrical and Electronic Equipment

This appliance is marked according to the European Directive on Waste Electrical and Electronic Equipment (2002/96/EC) and further amendments. By ensuring this product is disposed of correctly, you will help to prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product.

The symbol on the product, or the documents accompanying the product, indicates that this appliance may not be treated as household waste. It shall be handed over to the applicable collection point for the waste electrical and electronic equipment for recycling purpose. For more information about recycling of this product, please contact your local authorities, your household waste disposal service or the shop where you purchased the product.

RoHS Directive 2002/95/EC

Concerning for human health protection and friendly environment, we assure that our products falling under RoHS Directive regulations, regarding the restriction of the use of hazardous substances in electrical and electronic equipment, were designed and manufactured in compliance with mentioned regulation. Simultaneously, we claim that our products were tested and do not contain hazardous substances exceeding limits which could have negative impact on human health or natural environment.

Information

Any changes or modifications not expressly approved by the Manufacturer can void the user's authority to operate the equipment.

The device, as a part of professional CCTV system used for surveillance and control, is not designed for self installation in households by individuals without technical knowledge.

The manufacturer is not responsible for defects and damages resulted from improper or inconsistent with user's manual installation of the device in the system.

GENERAL / MAINTENANCE

WARNING!
READ/KEEP AND FOLLOW THESE INSTRUCTIONS. ALL THE SAFETY AND OPERATING INSTRUCTIONS SHOULD BE READ BEFORE THE PRODUCT IS OPERATED.

WARNING!
THERE ARE NO USER-SERVICEABLE PARTS INSIDE THIS UNIT. ONLY AUTHORIZED PERSONNEL MAY SERVICE THIS UNIT.

IMPORTANT SAFEGUARDS

1. Installation and servicing should only be done by qualified service personnel and conform to all local codes.
2. Do not use this unit if any of electrical or environmental condition is not fulfilled.
3. Unplug the unit from the outlet and refer servicing to qualified service personnel in case of water intrusion into camera interior.
4. Camera should be installed away from electromagnetic field sources like TV sets, electric motors, transformers. Electromagnetic fields may cause picture distortions.
