

# 24-port PoE+ Switch

NVS-3324SP-A

## FUNCTIONS

## KEY FEATURES

- 24 x 100Mbps PoE+
- 2 x Combo (RJ45 + SFP) 1000Mb/s UPLINK
- Operation mode: VLAN, Extend, QoS, PoE Watchdog

## DIMENSIONS

320 mm

44 mm

207 mm

| GENERAL                    |                                                                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Device Type                | PoE+ Switch                                                                                                                                                     |
| NETWORK                    |                                                                                                                                                                 |
| Ports                      | PoE+ Ports: 24 x 10/100Mbps (the number of ports simultaneously operating with PoE + mode is limited by PoE budget), Uplink Combo x 2 :SFP(1Gb/s) + RJ45(1Gb/s) |
| PoE standards              | IEEE802.3af, Class 3, IEEE802.3at, Class 4                                                                                                                      |
| PoE modes                  | Endspan (1,2+ / 3,6-)                                                                                                                                           |
| Switching capacity         | 8.8 Gb/s                                                                                                                                                        |
| Protocols Support          | IEEE 802.3 10BASE-T, IEEE 802.3i 10BASE-T, IEEE 802.3u 100BASE-TX, IEEE 802.3ab 1000BASE-T, IEEE 802.3z 1000BASE-SX/LX                                          |
| MAC address list           | 16K                                                                                                                                                             |
| FUNCTIONS                  |                                                                                                                                                                 |
| CCTV                       | Extended mode switch that increases the data and power transmission distance up to 250m (Using 10 Mb/s bandwidth)                                               |
| Additional operating modes | VLAN, Extend, QoS, PoE Watchdog                                                                                                                                 |
| INSTALLATION PARAMETERS    |                                                                                                                                                                 |
| RACK Mount 19"             | 1U                                                                                                                                                              |
| Case                       | Metal, color navy blue                                                                                                                                          |
| Dimensions (mm)            | 320 (W) x 44 (H) x 207 (L)                                                                                                                                      |
| Weight                     | 2.2 kg                                                                                                                                                          |
| Input Voltage              | 100 ~ 240 VAC, 50/60Hz                                                                                                                                          |
| Power Consumption          | 370 W (maximum)                                                                                                                                                 |
| PoE Budget                 | 360 W for ports 1 to 24, up to 30 W for one port                                                                                                                |
| Operating Temperature      | 0°C ~ 40°C                                                                                                                                                      |
