3000 IP SERIES 3 MPX CAMERAS ARE THE ANSWER TO THESE NEEDS!

NOVUS IP

NMS Compatible

ONVIF

3000 IP SERIES

3 year warranty

Good value for money

[IR LED]

The cameras are equipped with 3-megapixel CMOS sensor 1/3", which guarantee very detailed video material. There are available models with standard and varifocal lens. Each camera has WDR function, motion detection, built-in IR LED and works at temperature from -40°C to 50°C.

Real-time 3 MPX

[30 fps @ 3 MPX]

A large part of high definition megapixel cameras (above 2 MPX) have low display speed. Therefore more closely resemble fast digital cameras taking pictures, than the CCTV cameras. 3000 IP series 3 MPX NOVUS® cameras generate 30 fps @ 3 MPX (2048 x 1536) and allow observation of dynamic processes in excellent quality.

NOVUS MANAGEMENT SYSTEM

NMS Software for IP monitoring in set with camera!

Operating simultaneously in several systems

[40 Mb/s]

The cameras can generate up to 3 video streams. It is possibile to define quality, compression, resolution and speed for each stream. Total bandwidth is 40 Mbs, so every camera can work in many systems at the same time (access in NMS application, via web browser, RTSP client etc.)

Other interesting cameras features & functions:

- IR LED, long range up to 50 m - NVIP-3DN3052H/IR-1P
- Ability to connect the speakers and microphone - NVIP-3DN3052V/IR-1P, NVIP-3DN3052H/IR-1P
- Alarm inputs/outputs - NVIP-3DN3052V/IR-1P, NVIP-3DN3052H/IR-1P
- MicroSD card support - NVIP-3DN3052V/IR-1P and SD NVIP-3DN3052H/IR-1P
- High mechanical resistance IK 10 - NVIP-3DN3052V/IR-1P, NVIP-3DN3051V/IR-1P

3000 IP series 3 MPX cameras:

vandalproof: NVIP-3DN3050V/IR-1P, NVIP-3DN3051V/IR-1P, NVIP-3DN3052V/IR-1P,

bullet:NVIP-3DN3050H/IR-1P, NVIP-3DN3051H/IR-1P, NVIP-3DN3052H/IR-1P
